### Course Description

The course focuses on all aspects of communication, including the process by which communication is organized, the medium through which it is delivered, and the situations in which it is affected. Furthermore, the course will investigate the development of such interpersonal and intrapersonal skills as speaking, reading, writing, listening, self-reflecting, paralanguage, and body language.

### Principle Themes

- The process of communication
- The differences between various formal and information speech situations
- Competitive Debate
- Developmental, Behavioural, and Social psychology applied to communication practices

### Evaluation

- Learning and Evaluation Situations
- Evaluations Situations
- Assignments

### Course Materials

- *38 Basic Speech Experiences*. 11<sup>th</sup> Edition. Iowa: Perfection Learning, 2005.
