Course Description

The course focuses on all aspects of play production: acting, set design, costumes and lighting. Within this context there is also the learning of character analysis, research into the historical period of the play, and a better understanding of the voice and the body as an instrument of theatre communication. The course consists of improvisation, play production and the responsibility of the audience at a theatrical event.

Principle Themes

- The role of the actor in today’s world
- The role of the audience
- Ethical and moral questions presented plays

Evaluation

- Learning and Evaluation Situations
- Evaluations Situations
- Assignments

Course Materials

- Script: Alice in Wonderland
